

A BEAUTIFUL WAY TO HONOR YOUR PET

Only an animal lover can understand the grief of losing a beloved pet. At Pet Tree, our staff is comprised solely of animal lovers, who know the unique love and relationships only a beloved pet can provide

That's why we created our special living memorial...the Pet Tree. It's a wonderful new way to keep the love and memories of our beloved pets alive.

A BEAUTIFUL WAY TO HONOR YOUR PET

PET TREE - A BEAUTIFUL WAY TO HONOR YOUR PET.

Most everyone remembers being part of a backyard memorial service for a family pet. But such a burial is impractical for a large pet and illegal in most parts of the United States.

With Pet Tree, creating a natural, living memorial to your beloved pet is simpler, and more affordable, than you'd think. Just as important, our "triple-security" system ensures total sensitivity on our part, and complete peace-of-mind for you.

Once you decide, we'll send you our exclusive Pet Tree "Gentle Passage" system with full easy-to-follow instructions on how to send us a portion of your pet's cremated remains. Once we receive it, we'll delicately blend them with organic ingredients, in which we'll plant a tree specially selected for your geographic region. After about three months in our growing facility, when it's strong enough to ship, we'll send your tree ready for you to plant.

A BEAUTIFUL WAY TO HONOR YOUR PET

**GET COMPLETE DETAILS
AT PETTREE.COM**

For maximum convenience and security, all Pet Tree orders must be placed on our website, pettree.com. When you're there, you'll learn everything you need to know about our caring staff and how Pet Tree works.

This is your opportunity to create a unique, living memorial that will keep the memory of your beloved pet blossoming for many years to come. As an added bonus, every Pet Tree planted helps sustain the Earth and clean our air.
